

You will now be able to review, deposit and withdraw from your AgriInvest accounts on MemberDirect.

Note: The matching government contribution must be deposited into your AgriInvest account before you withdrawal.

AgriInvest helps you manage small income declines, and provides support for investments to mitigate risks or improve market income. Your AgriInvest account builds as you make annual deposits based on a percentage of your Allowable Net Sales and receive matching government contributions.

Please contact your Crossroads Credit Union Branch if you would like more information.
